RE: SDS/MSDS

Attn: To Whom It May Concern

Please be advised of the following information regarding Material Safety Data Sheets for Magnum Magnetics:

Magnum Magnetics products are considered Articles per OSHA Hazardous Communications Standard 29 CFR Part 1910.1200 Section (b)(6)(v) and definition thereof in section (c). As such the products do not require an MSDS.

The definition of an Article per 29 CFR Part 1910.1200 Section (c) states: "Article" means a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical (as determined under paragraph (d) of this section), and does not pose a physical hazard or health risk to employees.

Should you have any more questions or need assistance, please contact our Customer Service Team at 1.800.258.0991. They are available M-F 8AM-5PM ET. Thank you again for your business and please keep us in mind for your future magnet needs.

Sincerely,

Joe Stout  
Director, Product Development & Quality
